2.5" SATA3
Consumer SSD Series

RunCore® SSD

RunCore Consumer SSD "Sprinter Series"

Standard 2.5" SATA3 (6Gbps) Solid State Drive (SSD) is a high capacity solid-state flash memory product that complies with the SATA 6Gbps standard and is functionally compatible with a SATA hard disk drive. It is a standard SATA product that supports both 7mm and 9mm thickness.

This product supports mainstream OS, such as Windows\ MAC\ Linux\ Unix\ Solaris\ Vxworks.

SATA 3 2.5" SSD (7mm/9mm)
RCS-VI-T27XX-XXX / RCS-VI-T25XX-XXX

➢ Form Factor: Standard 2.5'' 7mm or 9mm SATA SSD

➢ Supports SATA III standard protocol, compatible with SATA II

➢ Capacity:
  o *TLC: 4TB (max)*
  o *MLC: 2TB (max)*

➢ Performance:
  o *4KB Random Read 60K IOPS*
  o *4KB Random Write 70K IOPS*
  o *Sequential Read 560MB/s (max)*
  o *Sequential Write 450MB/s(max)*

➢ Operating Temperature:
  o *0℃ to +70℃*

➢ Power Supply:
  o *5V Input*
  o *4.5W Max power consumption*

➢ Physical Features:
  o *Dimension 100.2mm x 69.85mm x 7mm*
  o *Weight ≤ 90g*

➢ Standard Compliance/ Support:
  o *SATA IO*
  o *JEDEC Endurance*
